V. Q&A
Office of Grants Management (OGM)
OGM Function

The *Grant Officer* performs official grant duties:

- Maintains official grant documents such as modifications, no-cost extensions, and other relevant documents
- Approves *equipment* purchases over $5,000
Grant Award Package

Grant Award Letter

Grant Agreement
- Signature Page / Notice of Award (NOA)
- Condition of Award Page
- Terms and Conditions
- Application for Federal Assistance
- Budget
- Statement of Work (SOW)
- Indirect Cost Rate Agreement (if applicable)
Grant Award Package, cont.

Payment Management System
• Information and forms on www.doleta.gov under Payment Information

ETA’s on-line Grantee Fiscal Reporting System
• ETA 9130
• Information to access system on www.doleta.gov/grants under Financial Reporting
  • Passwords/PINs are sent separately after supplying the necessary information
  • Once you receive this please do not lose it
Equipment Purchases

- Equipment purchases with a per unit acquisition cost of $5,000 or more, and a useful life of more than one year need prior approval from Grant Officer.

- Submit a detailed equipment purchase list with descriptions of each item to your Federal Project Officer (FPO) for review. We encourage you to submit this request as early as possible during the period of performance, with as many planned pieces of equipment as possible.

- Your FPO will review the items and submit the list for OGM review. If the equipment purchases are approved, a modification to your grant will be processed.
Important Reminders

Review of Grant Terms and Conditions
• Assistance from FPO, DEI National Program Office, and OGM

DEI NATIONAL OVERVIEW
A Visual DEI Landscape Map

- **Currently Active DEI States**
- **Inactive DEI States**

The map shows the distribution of DEI activities across the United States, with states shaded in orange indicating active DEI initiatives and those shaded in gray indicating inactive DEI states.
In September 2017, DOL awarded Round VIII funding to six DEI Grantees. They are the following:

- Cherokee Nation (Oklahoma)--Adult
- Colorado--Adult
- Hawaii--Youth
- New York--Youth
- Rhode Island--Adult
- Virginia--Adult
# Key to Visual DEI Landscape Map

**Key to population focus:** Adults with Disabilities = A; Youth with Disabilities = Y; Individuals with Significant Disabilities = S

DEI Historical Evolution

• Performance Period

• Evaluation by ODEP

• Significant Disability Population

• Career Pathways Focus (inclusive of innovative Apprenticeship Models)
Career Pathways

A series of connected education and training and support strategies that enable individuals to secure industry relevant certification and obtain jobs within an occupational area.

Six key elements of Career Pathways include:

1. Build Cross-Agency Partnerships
2. Identify Industry Sector and Engage Employers
3. Design Education and Training Programs
4. Identify Funding Needs and Sources
5. Align Policies and Programs
6. Measures System Change and Performance
-- LET’S PAUSE --

WHAT IS THE
THE BIG PICTURE?
WIOA Reforms and Disability

• How do WIOA reforms improve service delivery to individuals with disabilities?
  – Promotes Physical and Programmatic Access
  – Strategically Aligns WIOA Programs
  – Clarifies Competitive Integrated Employment

• DOL TEGL 4-15 - Vision for the One-Stop Delivery System under WIOA

• DOL TEGL 16-16 – One-Stop Operations Guidance for the American Job Center
Promotes Physical and Programmatic Access – Section 188 of WIOA

- Section 188 implements the non-discrimination and equal opportunity provisions of WIOA.

- The joint rules establish that all comprehensive American Job Centers and affiliated sites must be physically and programmatically accessible and establishes a certification process.

[link](https://www.dol.gov/oasam/programs/crc/188Guide.htm)
Universal Design Principles

• Putting people you serve at the center of your design process to come up with answers to difficult problems

https://ion.workforcegps.org/resources/2017/09/18/14/58/Universal_Design_A_Customer_Centered_Approach

• Design Challenge Question: How might we work with our partners to design services that are physically and programmatically accessible to individuals with disabilities?
Strategically Aligns Across WIOA Programs – State Plans

- **State Plans** – Ensuring that Federal core program employment and training services are coordinated and complemented by requiring a single, four year strategic State Plan achieving the work goals of the state.

- Access your State Plan to learn what it is doing in these areas and how your DEI project can be more connected / integrated. To access your State Plan:
  
  [https://www2.ed.gov/about/offices/list/osers/rsa/wioa/state-plans/index.html](https://www2.ed.gov/about/offices/list/osers/rsa/wioa/state-plans/index.html)
Other Key Partnerships

• WIOA emphasizes planning across multiple partner programs (beyond the six core programs) to ensure alignment in service delivery.

  – Social Security Administration’s Ticket to Work (TTW) program

OFFICE OF DISABILITY AND EMPLOYMENT POLICY – WELCOME MESSAGE
Top Start-Up & Implementation Challenges

1. **Communication Infrastructure** - Setting up an effective communication infrastructure (e.g. scheduling regular Project calls including TA Liaisons and other partners, reporting, requests for information, e-mail and listservs, etc…) for working with and amongst various DEI stakeholders at the national, state and local levels.

2. **Operationalizing Strategy** - While a broad outline (work plan) exists in the proposal, the rollout will require developing a strategy. This needs to take place early on and can be significantly assisted by consulting with the national technical assistance provider.
3. Infrastructure - Delays in setting up subcontracts and hiring of DRCs with pilot regions (this includes sub-sub contracts where the regions set up subcontracts with others who hire and oversee the DRCs).

An “Infrastructure Default” that we commonly see is the impulse to market the DEI to job seekers with disabilities and to the business community.

- Marketing the “DEI” risks turning your DEI into a silo’d “program” the AJC runs.
- This isn’t a sustainable strategy from an infrastructure development angle.
- The DEI is term limited grant funding. It is not a program but an enhancement to the workforce system.
- The DEI’s goal is to increase access to existing programs by building the capacity of the system and programs, specifically existing Career Pathways Programs, within the system to better serve people with disabilities.

**Market the accessibility of your AJCs and NOT the DEI!**
4. **Partnerships** - Not Identifying Partner Roles from the beginning, which can result in problems in coordination and understanding and achieving the grant goals. The opportunity with WIOA is that these partnerships align more closely now, which can make this easier/more obviously mutually beneficial.

Example: local level pilots hiring DRC positions before they fully understand the DEI mission and objectives and the role the DRC will play. (This despite getting the DRC job description).

*(See also “The Tale of 2 DRCs: Disability Employment Program vs. System Capacity Building Project”)*
5. DEI Fundamentals of Knowledge - State Leads operationalizing projects before they have a comprehensive understanding of all of the Project components. Customizing trainings and timelines to meet the individual needs of project staff before they begin DEI implementation. If DEI project staff start operationalizing service delivery components before having a deep understanding of the DEI, this could present real challenges down the road. This again ties directly back into understanding the role of the DRC and making sure that your local areas do as well.
Clarifying Roles and Responsibilities

Federal Project Officers (FPOs)  
Technical Assistance (TA)
FEDERAL PROJECT OFFICERS (FPOs)
FPO CONTACT INFORMATION

Region 1 – Mike LaBonte, LaBonte.Michael.D@dol.gov
  • New York
  • Rhode Island

DEI Reporting Requirements

• **ETA Form 9130** – Financial Status Report. Submitted by DEI State Lead 45 days after end of each quarter.

• The 45 day mark from end of this quarter is on the following date: February 14, 2018.
Technical Assistance - NDI Consulting, Inc.
NDI-DEI TA Team Function

Contracted to provide information, training, and technical assistance to the national DEI program office, regional FPOs, DEI grantees, and DEI project staff and the workforce development system.

Team members include:

- **Michael Morris**, Project Director and **Laura Gleneck**, Project Manager
- Training and Technical Assistance Liaisons and key areas of subject matter expertise: **Miranda Kennedy** (DEI Director of Training and Technical Assistance), **Brian Ingram** (DEI Workforce Access and IRT approach), **Dave Mayer** (DEI Career Pathways); and **Nikki Powis** (DEI Youth and Business Engagement)
- **Kevin Nickerson** and **Nanette Goodman** (DEI Ticket to Work Team)
- Disability Workforce Specialist: **Alexandra Kielty** and IT Specialist: **Jayson Gleneck**
Overview of Services

- **Information** -- Host a listserv to compile and disseminate resources and training information and collect project-related data (e.g., Resources of the Week).
  - Maintain a DEI TA Collection site and Disability and Employment CoP

- **Technical Assistance** -- designated TA Liaison is assigned to serve as the direct contact and support for individual DEI grantees and their project staff.
  - Available for one-on-one discussion, problem solving, and strategic planning by request to support the implementation of the DEI Initiative within the workforce development system.
Start-up and Implementation / Targeted TA & Training

• **Start-up and Implementation** -- Suite of TA and training tools and resources to provide start-up support to the DEI grantees.
  – Provide national and TA team with information to develop and implement a strategy to help projects move the DEI forward.
  – Updated and/or expanded for each round based on the statement of work and lessons learned from previous grantees.

• **Ongoing Targeted TA and Training activities** – includes hosting and facilitating ongoing administrative meetings
  – Conducting DEI technical assistance onsite visits.
  – Enhancing and developing new training and technical assistance materials.
  – Training and learning opportunities.
Grantee TA Onsite Visits

• Provide hands-on training and targeted TA which allow TA Liaisons to provide support, as well as observe, analyze, and identify strengths and challenges within a DEI project.

• **Pre-site visit planning activities** – TA Liaison and/or DEI project leadership inform designated FPO and national DEI Program Office.
  – FPOs are extended an opportunity to be involved in agenda development including reviewing and approval of draft agenda.
  – In developing agenda, national / regional representatives are extended an opportunity to be part of visit in person or via phone.
  – All national/regional partners made aware of date / time / location of visit.

• **Post-site visit activities** - TA Liaisons distribute post-site visit surveys to attendees and develop post-site visit reports that highlight key activities that took place. TA also identifies key strengths and challenges along with lessons learned and action steps.

Grantee Learning Opportunities
December Bi-Monthly DEI Administrative Meeting
December 12, 2017 / 2:00 – 3:30 PM Eastern Time
The national DEI Program Office holds mandatory bi-monthly administrative meetings the second Tuesday of every other month from 2:00 – 3:30 PM ET. The proposed schedule for the 2017-2018 program year is listed below (dates/times will be adjusted on a month-by-month basis as needed).

2017-2018 Schedule:
• December 12, 2017
• February 13, 2018
• April 10, 2018
• June 12, 2018

All meetings are scheduled to begin at 2:00 PM Eastern Time. **Please ensure that someone from your project is represented on these meetings.** An e-mail reminder with the agenda and logistical information will be disseminated prior to the scheduled date.
